Vaishnavi S R

Profile

A proactive and focused computer application professional currently enrolled in c++ training at UST ,gaining hands-on experience in object-oriented design and modern software development.Looking forward to contributing effectively in fast-paced and innovative tech enviornment.

Education

Master of Computer Application2022 – 2024Amrita Vishwa VidyapeethamAmritapuri, KeralaCGPA-6.61CGPA-6.61

Bachelor of Computer Application2019 – 2022

Amrita vishwa Vidyapeetham

CGPA-7.89

Amritapuri,Kerala

Mother India International Residential Public School2017 - 2019Higher SecondaryTrivandrum, Kerala

CGPA-7.7

Mother India International Residential Public School 2016 – 2017 10th Grade Trivandrum, Kerala CGPA-9.6

Skills

PrimarySecondaryC++,CPython,HTML,CSS,SQL

Projects

Malware detection system of APK Files using Deep Learning Technique

Language:Python

Tools:Androguard,APKTool,DBN,GRU

This project presents a deep learning-based Android MAlware detection system that analyzes APK files using static and dynamic features with Deep Belief Network(DBN) and Gated Recurrent Unit(GRU).

Movie Recommendation System Based on Emotion Detection Using Machine Learning Techniques

Language:Python

Tools:openCV,DeepFace

This project introduces a real-time emotion based movie recommendation system that uses OpenCV,DeepFace to detect facial emotion via web cam and suggests movies using content based filtering.

Publications

Movie Recommendation System Based on Emotion Detection using Machine Learning Techniques International Conference on Information Technology, Electronics and intelligent communication Systems(ICITEICS)
